PROFESSIONAL SUMMARY

QA professional with company-based SDET mentorship experience developing automated UI and API tests using Playwright and TypeScript. Built a reusable test framework featuring Page Object Model, fixtures, data-driven tests, and cross-browser execution. Brings web development training, analytical troubleshooting, documentation, and quality-focused operational experience to manual and automation testing roles.

TECHNICAL SKILLS

Testing: UI and API testing, functional testing, cross-browser testing, test assertions, data-driven testing

Automation: Playwright, TypeScript, Page Object Model (POM), fixtures, Cucumber/Gherkin, Zod

Development & Tools: JavaScript, HTML, CSS, SQL, Node.js, Git, GitHub, VS Code, Chrome DevTools

Additional Exposure: React, Express, MongoDB, MySQL; object-oriented programming and REST APIs

PROFESSIONAL EXPERIENCE

UnoSquare | Trainee Quality Assurance Professional **(Aug 2026 – Present)**

- Developed automated UI and API tests with Playwright and TypeScript during a company-based SDET mentorship.
- Structured reusable tests using Page Object Model, fixtures, JSON test data, and object-oriented design.
- Validated authentication flows and API responses, including positive/negative scenarios and Zod schema checks.
- Executed tests across Chromium, Firefox, and WebKit; used Git/GitHub to manage framework changes.

Red Oaks Roofing & Remodeling | Project Manager **(2024 – Jul 2026)**

- Inspected completed work against quality requirements, documented discrepancies, and coordinated corrections.
- Managed schedules, customer communications, and coordination across vendors and field teams.

H-E-B | Personal Shopper **(Sep 2023 – Jul 2024)**

- Verified order accuracy and product quality while fulfilling high-volume customer orders under time constraints.

FEATURED PROJECT

SDET Mentorship Challenge 1 | Playwright + TypeScript **(2026)**

- Built an automated test framework covering web form interactions, API authentication/authorization, and OOP scenarios.
- Implemented reusable page objects, fixtures, data-driven cases, Cucumber/Gherkin scenarios, and API schema validation.
- Recorded 30 passing tests (0 failures) across Chromium, Firefox, and WebKit in a Playwright HTML report.

EDUCATION

UT Austin Coding Boot Camp — Center for Professional Education | Certificate of Completion

24-week full-stack web development program covering front-end, back-end, and database fundamentals.

The University of Texas at San Antonio | Computer Science Coursework
